DANIEL SALDAÑA

WEB APP & MOBILE DEVELOPER
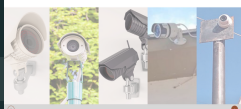

REVIEW

Im a Web Designer and web apps. developer I have experience working with C# and .Net Core framework. I used to use MySQL or SQL Server. I like to use bootstrap to improve the user experience. Im also high qualified designing in Photoshop and Adobe Illustrator, and if is necessary i can make also mobile apps in Android Studio.

Im fully compromised in quality and delivery dates. Also i finish until the client is satisfied.
